

## COMP4513 Review Lab Instructions

This lab will refresh your JavaScript knowledge. Since there are no scheduled lab, you will have to show me your work on your laptop in my office by September 17.

Using a web browser, visit:

`https://github.com/mru-comp4513-archive/comp4513-f2021-reviewLab`

You can download the starting files as a zip or use git to clone the repo. We will be using git and github a fair bit this semester so you might as well get used to using git.
